SFERE LISCE VUOTE

Hollow smooth spheres
Boules en tôle d'acier soudées et poncées
Esferas lisas huecas
Glatke prazne kugle
Sfere netede goate

Vi raccomandiamo di zincare a caldo le sfere vuote solo dopo averle forate

It's recommended to perforate the hollow spheres before the hot galvanization

Percer toujours avant de faire la galvanisation a chaud

Confirmamos de galvanizar en caliente las esferas huecas solo despues de haberlas agujereadas

Preporučamo da kugle koje želite zaštititi toplim pocinčavanjem, to uradite tek nakon bušenja rupe

Va recomandam sa zincati la cald sferele goale dupa ce au fost gaurite
